

Level Pay and AutoPay

If you are currently a Level Pay customer, your financial institution will deduct the Level Pay amount from your checking account. You will still receive your bill each month showing your natural gas usage and the balance of your account.

E-Billing and AutoPay

If you receive your bill electronically, you can also enjoy the convenience of having your bills paid automatically through the AutoPay program. Your E-bill will show the payment amount and date it will be withdrawn from your financial institution.

Simplify your life with the AutoPay Plan

Less time paying bills means more time for everything else.

Intermountain Gas Company's AutoPay Plan

makes paying your natural gas bill easy and convenient. By giving us permission to charge your bank account for the amount of your gas bill, you'll save money on postage, not to mention the fees you could save by writing fewer checks. It's all done for you automatically.

AutoPay is absolutely free.

There are no sign-up fees or transaction charges.
