

PROJECT WARMTH

Project Warmth is friends showing that they care and rallying together to offer interim help with cold weather heating bills. Because of an unforeseen family emergency or financial hardship, some of your neighbors may, at some time, find it difficult to pay their monthly home heating bills. Very often these financial setbacks are temporary and can be relieved with a little concern and assistance from friends like you.

Want to help a neighbor with their heating bill this winter?

You can!

One of three ways:

1. Send your tax-deductible contribution to one of the following community agencies that distribute Project Warmth funds.
2. Or, enclose a separate check, payable to **Project Warmth**, with your Intermountain Gas Company payment.
3. Contributions can be made automatically with your Intermountain Gas payment each month. Just click on [Heating Assistance Program](#).
