

Intermountain Gas Rebate Checklist

Use this checklist to gather necessary information for your application. Review full program terms and conditions before submitting your application.

- ☐ Contractor information: company name, installer name, mailing address, license number, title, phone and email address
- ☐ Residence: year built, square footage, electric heat pump installation status
- ☐ Existing equipment: efficiency rating, age
- ☐ Permit number for installed equipment (for space and water heating rebates)
- ☐ Proof of purchase:
 - a. For contractor installations: final invoice with installation date, address, cost, brand, model number and serial number for installed equipment.
 - b. For self-installations: purchase receipt or order invoice and photos of equipment brand, model number and serial number
